Alexandria, VA 22313-1450

Sir:

This is in response to Examiner's remarks on the above application.

Applicant request a three-month extension for response, and a check in the amount of \$525 is enclosed.

Applicant presents Original, Canceled, and Currently Amended claims herein.

Applicant has carefully studied Examiner's response, and finds the prior art evidence to be at variance with Examiner's remarks and interpretation of the present invention. Applicant has responded herein to Examiner's remarks, and respectfully requests that, if Claims are not allowed, Examiner will contact Applicant to set up a meeting to discuss this application. Applicant believes that a meeting would serve to clarify misunderstandings of the nature and novelty of the present invention, and would help to clarify the differences between the present invention and the prior art. Such a meeting would reduce the Examiner's time required to prosecute this application, and be in the interests of greater efficiency.
